

OUR OWN SCANDALOUS REVUE

That's What the Big Tennis Entertainment is to Be Called

SIGNOR DONNELLI, PURSUED BY THE OUR TOWN, AND FINALLY RUN DOWN IN DOC HOWARD'S DRUG STORE, CONSENTS TO BE INTERVIEWED.

It was a hard job, but we finally ran him down and cornered him and got the secret away from him!

Perhaps some of our always wide-awake and alert citizens observed the other evening what apparently had the appearance of an all-around-the-town foot race between two otherwise reasonably dignified members of the community. Incidentally, the supposed foot-race had all the thrills and perils of skiing, ice-skating, ice-yachting and coasting down Essex avenue combined and rolled into one.

But, as was stated at the beginning of this article, we finally ran him down to earth and got the truth out of him. The "him" being none other than the celebrated impresario, Signor Donnelly. The pursuer was also none other than the Our Town Reporter. Signor Donnelly almost got away from us when he speeded through Hen Rose's abandoned dahlia farm, skirted the Humphrey's Kennels, dashed over the Narberth avenue bridge, through Cook's coal yard, and in some way managed to get inside Doc Howard's well-known apothecary shop. He was trying to disguise himself as a soda dispenser in the white coat that Doc Howard doesn't wear when he goes over to attend the meeting of the building and loan association.

Face to face with a double-barreled,

extra-big lead pencil and a note book, Signor Donnelly said: "What is it you want to know?"

"As the representative of Our Town, we demand in the name of the citizens of Narberth, that you tell us what kind of an entertainment it is that the Narberth Tennis Association is planning to give in Elm Hall on Friday evening, March 12th."

"I am sworn to secrecy as to the details at this time," replied the impresario, "but this much I can tell you: the title of our entertainment will be, 'Our Own Scandalous Revue'."

"I am too busy now with rehearsals and other arrangements in connection with this entertainment to discuss the subject any further. You may say, however, that the tickets are now being printed. They will be ready for distribution among the members of the Tennis Association very shortly. A little later I shall have an important announcement to make. Tell the people of Narberth to keep their eyes on Our Town, and also tell them not to make any engagements for Friday evening, March 12th."

We are keeping our eyes on Signor Donnelly, and we can assure our readers that now that we have broken the ice, so to speak, they may expect more important news about this tennis entertainment each week.

A Bible Conference in Presbyterian Church

An event of importance in the religious life of the community was planned by the Men's Bible Class of the Narberth Presbyterian Church last night at the home of the class president, Mr. Edw. T. Smith, on South Narberth avenue. Eleven members of the class were present.

A week ago this men's class sent a petition to their pastor, the Rev. John Van Ness, and to the Session of the Church asking that an evangelistic Bible Conference be held in the Presbyterian Church during the week from Palm Sunday, March 28, to Easter Sunday, April 4. The women's Bible class in arranging for the conference.

The pastor and Session heartily welcomed this suggestion and leading ministers and Bible teachers will be secured from the city for every evening during the week.

Members of all churches will be welcomed at this Bible Conference. Be on the lookout for the personnel of the speakers in Our Town next week.

The Hospitality and Entertainment Committees will be selected at the next meeting, which will be held on Friday evening, February 27th, at 8 o'clock, in Elm Hall. Mothers, sisters, wives and daughters of all men who took part in the war are eligible to membership, and every woman is urged to be present at the meetings.

Much preparation is being made for the tennis entertainment to be held on Friday evening, March 12th. Requests are already coming in for tickets, though up to the present moment tickets have not been put on sale.

When to Start Building and Loan

A good time for parents to take out share of stock in a Building and Loan Association for their children is when the child is about six years old, and if they will take from five to ten shares, which means putting aside five or ten dollars each month over a period of about eleven and one-half years, the stock will mature when the boy or girl is between seventeen or eighteen years of age, which will help materially toward a college education.

A boy or girl, young man or young woman should start systematic saving in Building and Loan shares as soon as they become a regular earner, as Building and Loan stock is the best method of systematic saving, and the boy that gets the Building and Loan habit will soon become a better boy in every respect and grow into manhood with increasing responsibility.

Some may say, what is the use of a girl starting Building and Loan? But they do not think how nice it will be for her to some time say, "Hubby, you know I have a nice little amount in the Building and Loan which will help furnish the house we are buying." And more than one husband who did not have any stock of his own would answer, "Not for furniture. We will continue your stock until it matures, when it will be of much more value."

While it is possible to withdraw your savings from a Building and Loan Association at any time, the older the stock becomes the more valuable it is, and to receive the full benefit from Building and Loan stock it should run to maturity.

What a treat it is at the meeting when stock has matured. When the check is handed to the stockholder, he will almost invariably say, "My, how quickly those eleven years or so rolled around. Receiving this check is a pleasure I have been looking forward to for the whole period, and now that you are starting a new series tonight, I want to start in again for twice as many shares as have matured this month."

From statements made by different ones on the Board of Directors, arrangements have already been made for three or four hundred share in the new twenty-ninth series, and there is no question but that this series will be the largest ever opened in the Narberth Building and Loan Association.

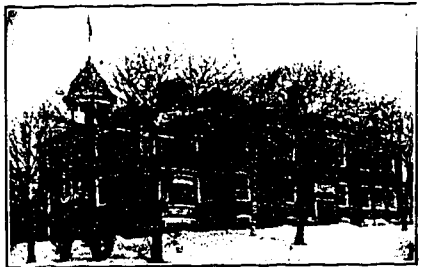

Time to start the Building and Loan practice, March 4th, 1920, 7 to 9 P. M. Place, Council Chamber, Narberth, Pa.

A cordial invitation is given to all to come to the Presbyterian Church on March 9 at 8 o'clock. We still have more in store for you—Miss Ann Jackson, violinist; Miss Fannie Loos, pianist; Mrs. E. Gerald Rust and Mrs. W. Richard Trowbridge, soloists. Old-time songs and instrumental music will be used entirely. Old-time hymns on the organ. All who take part will be in old-fashion costume. Silver offering.

GIRL SCOUT NEWS.

School Notes

"Without halting, without rest,
Lifting better up to best."

School was in session the entire day on Lincoln's Birthday. Appropriate exercises were held on that day, and also on Friday in connection with Literary Society.

The "Perfect Tribute" was read to the student body, and was received with as much undivided attention as though it had never been heard before.

Mr. McCarter spent the entire day on the 12th visiting the schools.

Negro melodies by Stephen Foster was the theme of a talk given the students in connection with the various Lincoln exercises. The proper rendition of many of our old familiar songs depends so much upon an understanding of them. Seldom can they be interpreted unless the author is understood. So we were given a peep into the life of Foster, who by the way was a Pennsylvanian. Stories were told in connection with the composers of the various selections. We possibly now will enjoy some of the old songs more than we have in the past.

In spite of the severe cold and stormy weather, the school buildings have practically all of the time been maintained at a comfortable temperature. Utmost care is exercised by teachers and janitors in maintaining a uniform temperature. Parents should be slow to accept rumors circulated by little children about the buildings being cold, no coal on hand, and school closed because of no coal.

Professor Paul Mertz, of Ursinus College, addressed the upper classmen on "The Value of College Education."

School will be closed all day Monday, February 23rd, in commemoration of Washington's Birthday. Remember, school opens Tuesday morning at 8.10 o'clock.

Athletic Notes.

The most exciting game of the season was played on the Darby floor between Narberth and Darby Friday the 13th, the score being 28-23 in favor of Narberth. The score at the end of the first half was 17-15 in favor of Darby, but through the good playing of Ricklin and the guarding of the Narberth team, it was easy to trim Darby in the second half.

The Narberth High School Boys' team won from Darby High School Boys' team by the score 38-17. Line-up as follows:

NARBERTH.	DARBY.
J. Dickie..... Forward	Carpenter

Field goals—J. Dickie, 7; M. Dickie, 1; Harsch, 2; Cooke, 5; Carpenter, 1; Eckerd, 2; Spahr, 1; Swope, 1. Foul goals—Dickie, 7 out of 10; Carpenter, 1 out of 6; Sipler, 6 out of 13. Referees—Durbin and Gurnard. Time—20-minute halves.

WOMEN MUST PAY TAX.

Women are subject to all the provisions of the income tax law, warns Collector of Internal Revenue Lederer. Public school teachers and State employees are not taxed on their income. An unmarried woman, a widow or a married woman who is living apart from her husband must file a return if her income for 1919 was \$1,000 or more. A married woman who has an income from a separate source than her husband is entitled to file a separate return with respect to that income.

COUNTY TAX TWO MILLS.

No Change Made by Commissioners in Basis of Assessment.

The County Commissioners Monday afternoon, after a review of the finances of Montgomery County for the current year, in a conference with the County Controller, fixed the tax rate for county purposes, on all assessable property, at two mills, the same rate as has prevailed the past few years.

This will provide ample funds, it is estimated, to meet all the demands on the county for the year, including such payments as will accrue on the work being done on the Conshohocken bridge during 1920 as well as upon other large improvements under way, and also permit of considerable new work in the matter of roads and bridges in the rural districts.

WORTH LESS THAN HALF

Sad but true is the fact that present-day money has less than half the purchasing power of four or five years ago, and that being the case, don't you think your life insurance should be revised to meet the new conditions? Fortunately, that very thing can be accomplished in a very economical fashion. Call me over some evening.

CLEAN THE GUTTERS.

At the meeting of the Lower Merion Township Commissioners on Tuesday evening the board issued an appeal for all property owners to help in getting the snow away by opening the gutters in front of their properties so as to allow the water to drain away and not remain on the sidewalks to freeze. If every person will endeavor to look after the front of his property the conditions will be greatly relieved.

The township fire companies also issued an appeal to the public to see that the snow is removed from all fire plugs, so that no time will be lost in case of an emergency.

TO ESTABLISH OUTPOST OF SPANISH WAR VETERANS IN NARBERTH.

An effort will be made in the near future to establish an outpost of Spanish War Veterans in Narberth, if enough names can be secured. Mr. Edward N. Merkel, 315 Woodbine avenue, Narberth, will receive the names of those who wish to join.

Eligibility: Those who served in the United States Army, or Navy, or Marine Corps between April 21, 1898, and July 4, 1902.

The various camps of Spanish War Veterans in Philadelphia are now conducting a drive for new recruits. Major General Waller, U. S. M. C., recently became a member of this organization.

To the Editor of Our Town:

The statement in our local paper last week that free delivery for Narberth was coming, and that it was a matter of days, not weeks nor months, was something of a surprise to me, as I have had no advice to that effect officially, and have, therefore, made no preparations for the establishment of the system.

I am advised, however, that the Post Office Department has assigned the case to the Post Office Inspectors of the district, who will, in due time, make a thorough investigation of our claim for the service. They will require that we show them that our homes are properly numbered, that our streets are paved, sidewalks and cross walks in good condition, streets lighted, and that the receipts of the office are sufficient and in their judgment likely to continue to be sufficient to warrant the permanent establishment of the service. In this connection I might say that all residents of our town should purchase their stamps and stamped envelopes at the Narberth Post Office both now and in the future.

EDWARD S. HAWS,
Postmaster.

To the Editor of Our Town:

Is it not about time that the borough enacted a by-law requiring residents to clean their walks in winter? Here, as in other suburbs, it has been left to the snow plow to do the work, no attention being paid to the snow and ice not removed. The result this winter has been worse than ever. The sidewalks became mere cow-paths—and very poor cow-paths at that—while since the sleet storms they have been covered with lumpy ice and all foot passengers have had to take to the roadway. Even so, there have been thaws several times when the walks could have been cleaned, if residents had put their minds and shovels to it.

A brighter side of this trying winter for old folks is the continued fun that young people have had with sleds and skates. The heavy crust that formed provided fast sliding not only on hill-sides, but in home yards that had any slope. A recent issue of the Evening Ledger pictured several Narberth children using a new kind of ski-sled.

CAMOLEN.

To the Editor of Our Town:

The passing away of Miss Matilda Young last Saturday removes the last of the immediate family of the late David and Harriet Rees Young, who for many years conducted the affairs of the General Wayne Inn, of Revolutionary memories, on Montgomery Pike. There Miss Young was born and grew up, and in her later years loved to recall the events of early days, the famous folk who used to come to the Inn from Philadelphia and other cities. Her attachment to the spot, and to the nearby ancient Friends' Meeting House was very strong. After some changes of residence she rejoiced to find herself a year ago again on the pike, in the historic location once known as Libertyville, where, with her niece, Miss Stadelman, she once more felt in touch with the life of the road. She had a kindly manner, a sweet disposition, a quiet, impulsive form of speech. She delighted to talk of old times with friends and to show them old furniture, pictures, utensils, garments, etc., once a part of the equipment of the old inn.

Her last moments were quiet and painless. The funeral service was on Wednesday, the 18th of February, a bright, beautiful day, at the Merion Meeting, and the final burial will be in the old Friends' ground where the bodies of her parents rest.

Here and Hereabouts

To the Editor of Our Town:

And so you will know just why the present writer has to do with this Fire Bell matter. Let's read part of the note Chief Noel sent me when Observer's first letter was published:

"The Company cannot help feeling that this man is branding them as a nuisance, as he seems to think we make a lot of noise just for the sake of making it. Somebody ought to protest such a slander, as the town owes the men a square deal, and if anything we do does not suit any of the citizens, I do not understand why they can't come directly to us with the complaint instead of taking their troubles to the paper and creating the impression that we are a lot of wild men. We are always willing to learn, but I think this man has a fire mixed up with a funeral."

Well, now, we'll assume that no harm was meant when the sleep-conservation plan was brought to the paper, for it's hardly to be expected that men who constantly indicate their disdain of sleep as do the fire-fighters would be sympathetic on that score, but there's a lot who will, as a story I'll tell later will show, hence we must agree on the value of a popular appeal. And as it would seem from Observer's second letter that he didn't have the engine bells in mind at all, at all, when he wrote first, but only the firehouse bell, the Chief thinks we had better wait a bit before we announce that constructive program which Observer requests, as the next letter might relieve the terrible confusion which now besets us, and in the meantime I am asked to have Observer inform us just what he would do to call the firemen when the whistle was frozen, for frozen it was on the only two occasions on which the bell was rung during sleeping hours, and it might be said that despite the persistence with which it was lambasted, its call was not sufficiently clarion to bring more than four members to the emergency. So tell us, please, Mr. Observer, just what you would have done under the same circumstances, and as we pause for the reply, let's tell the story of other folks who set great store by sleep, sweet, uninterrupted sleep, and plenty of it.

In line with the rare good judgment which he manifested during his custody of military affairs in and about Philadelphia during the War, Lieutenant-Colonel Hatch has recently taken his abode amongst us, but has not been here sufficiently long to allow all of

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5¾ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

THE LOW COST OF PENNSYLVANIA SERVICE

THE average American Housewife who employs a laundress the cost of each washday is about \$3.30, an investigator learned recently, after extended inquiries.

He found the usual wage of the laundress to be about \$2.25 a day; two meals, 70 cents; carfare 12 cents, and water, soap and fuel—gas, electricity or coal—25 cents.

In some cities the average was higher; in some, less. And in most cities this figure did not include the ironing.

The average cost of family bundles sent to us for family laundry service varies from \$1.25 to \$1.75. Of course, a few are more; many less.

If you place no value whatever upon your own time, the cost to you of our family laundry service is but a few cents more than it would cost you to wash at home.

In detail: Our man calls for your family bundle. We wash everything—fine garments and heavy household goods, each according to its class—wash them in pure, soft water and fine flaked suds.

We iron the flat pieces, like bed linen, table cloths and napkins. Most of the underwear we dry so fluffily that it requires no ironing. Things such as skirts, children's clothes and other garments that need it, we starch and return ready for you to iron.

We do all the heavy work, leaving for you only a small part of the lighter. And the cost to you is less than washday in your own home.

A post card or a phone call to our office will bring our representative on his next scheduled day in your territory.

his household to become entirely familiar with all our ways and by-ways. Hence it came to pass that the colored maid, returning to Narberth on one of the wild, tempestuous evenings we had during the blizzard, failed to observe the program arranged to get her home, and she essayed it from the station on foot, notwithstanding the turbulence of the night. As it later developed, she must have walked for miles, and probably along Old Gulph Road, hopelessly lost in the wilderness of the white. At about 1.30 in the morning, the poor thing was back again on Narberth avenue and in desperation she started to ring door-bells in an endeavor to ascertain the location of her employer's residence. In six instances, at homes on Narberth avenue, she was rebuffed with a severe reprimand for arousing the occupants at such an unearthly hour, and in two cases she was threatened with the police. At 2.15 A. M. she found a haven, a mental and physical wreck, becoming hysterical as she entered the house, affording another illuminating example of the fact that Sleep is occasionally held higher than the pressing needs of afflicted humanity and that Christianity is in some quarters a strictly 8-hour proposition. Colonel Hatch has been assured that the occurrence is deeply deplored by the community, and he has been impressed that he must not form any conclusions regarding Narberth's capacity for a place in civilization as a result of this unspeakably untoward incident.

I was intending, Mr. Editor, to say a word or two about Narberth Park, for that man Collins threatens to cancel his subscription unless his ward is covered every week, but it wouldn't seem there's room. Tell him just to hold his horses a bit and we'll get him the lights, snow plow and everything.

SCOUT NEWS.

The winter inspection of Narberth Troop, No. 1, Boy Scouts of America, was held February 9, 1920, in the Y. M. C. A. There are 25 scouts registered in the troop and three new recruits. The troop has recruited five boys since the fall inspection held in December. The inspection was made by the Field Executive of the Main Line District.

After the inspection the troop went to the gymnasium to play basketball. They are thinking of making patrol basketball to play among themselves.

To the Post of the American Legion of Narberth.
From the Scout Field Executive of the Main Line.

We understand you are willing to help the local troop of Boy Scouts of America. There is one way that you can help the troop and to help the boys become 100% Americans. They need the assistance of one of the ex-service men, and need it badly, because the job is too much for one man. What ex-soldier or sailor is going to volunteer his aid as an Assistant Scout Master, and help Scout Master F. C. Patten? Remember our old motto in the service, fellows, "Let's Go."

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.
As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 3 lines; 5 cents for each additional line.
